EMS Band 1

Band 1 Substitutes

- Equipment on the Band 1 List may be substituted for a similar product with essentially the same form and function
- Where a substitute item is available from the stores, this will be issued first rather than buying new. As this is an automated process there is no ability to select an exact item.
- If an exact Band 1 item is required and no substitute is acceptable, please complete via a Band 2 application with rational to ensure exact item.

Supportive foam unit, outer anti-shear breathable cover, contoured aluminium shell, positioning wedges, modesty flap.
 Requires a solid back support to accommodate mild postural and stability needs.
 May need posterior and lateral trunk support to maintain good posture alignment and enhance function.
 Has mild to moderate torso asymmetries.
 Requires superior pressure distribution.
 May have independent self-propelling skills.
